

## CHARTER TELECOM HEADQUARTERS

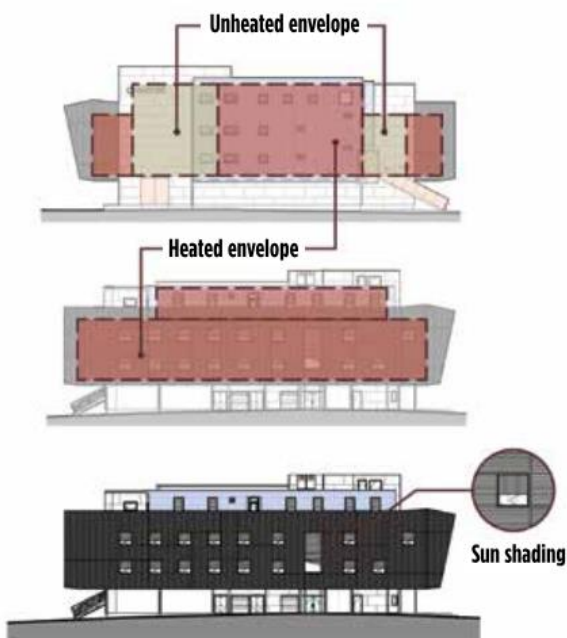

**Location:** Victoria, BC

**Client:** Charter Telecom

**Mechanical Engineer:** Integral Group

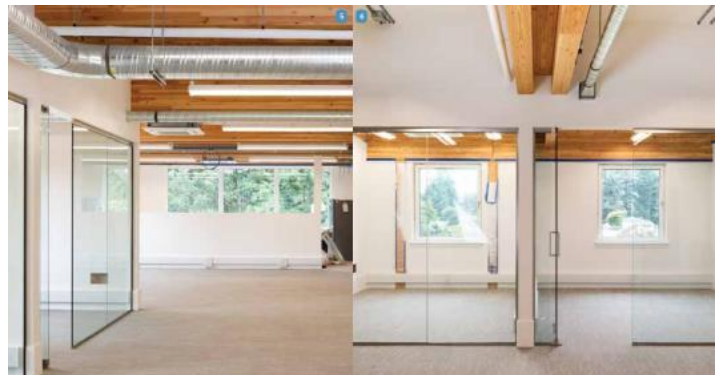

[Charter Telecom Headquarters, 2614 Sooke Road – Victoria, BC](#) collaborated with Waymark Architecture Inc., a high-tech company that builds, maintains and operates secure, high-performance communication networks and data centre infrastructures for large public and private sector clients around the world.

A key part of HVAC System's design was providing a centralized ventilation solution by using the [Swegon GOLD Series](#), Passive House Certified multiple ERV units with a heat recovery ratio of +85% to achieve the building's challenging air filtration and energy targets.

[HVAC Systems](#) is proud to be part of this project that leads the charge on sustainable, energy-efficient buildings that utilize technology to reducing energy consumption and CO<sup>2</sup> emissions.
